PARENTS:

The Georgia Parental Information and Resource Center (PIRC) site provides information and resources that we hope you will find useful in your role as the primary educator of your children. There is valuable information there about the federal No Child Left Behind legislation and what it specifically means to your child or children, the schools they are attending, and the local school district. You will find tips that may prove useful when talking with teachers or school officials. If you have younger children, they have great advice regarding book selection and effective ways to read with them. If you want to get more involved at your child's school, you will find some interesting ways to do this that fit your schedule and interests. Follow this link to access the PIRC site <http://geogiapirc.net>.

Please be aware that Folkston Elementary School has a Parent Information Resource Center (PIRC) which has items to be checked out by parents to help your child. The PIRC is located in the conference room in the front foyer. It is open daily from 8:00-2:30. Available items to be checked out provide instructional support, resources, and activities for use with their student. If you have any questions, please call the school (912)496-7369.
